Kumaran R

kesavanramu2224@gmail.com **+918807412837** **Chennai, Tamil Nadu** **LinkedIn**

SUMMARY

B.Tech IT graduate with hands-on experience in AWS Cloud Computing, Full Stack Development, and Data Analytics. Proficient in Python, SQL, MySQL, Excel, Power BI, Tableau, AWS, Git, and data analysis libraries including Pandas, NumPy, Matplotlib, and Seaborn. Experienced in deploying cloud-hosted web applications, CI/CD pipelines, database-driven applications, data cleaning, EDA, visualization, and machine learning. Seeking opportunities in Cloud Engineering, SQL Development and Data Analytics.

EXPERIENCE

Cloud Computing Intern
May 2025 – Nov 2026

HTGE Technologies Pvt Ltd · Puducherry

- Worked with **AWS** services including **EC2, S3, Lambda, IAM, RDS,** and **VPC** to deploy and manage cloud-based applications.
- Hosted web applications on Linux servers with **Amazon RDS** as the backend database.
- Implemented **CI/CD pipelines** using **AWS CodePipeline** to automate build, testing, and deployment workflows.

Full Stack Development Intern
Sept 2025 – Nov 2026

HTGE Technologies Pvt Ltd · Puducherry

- Developed responsive frontend interfaces using **HTML, CSS,** and **JavaScript** to improve user experience.
- Worked with **Python** for backend logic and **MySQL** for database design, data management, and **SQL queries.**
- Developed database-driven application components and practiced backend integration and web application development.

Data Science with AI & ML
Jul 2026 – Present

Zia Educational Technology · Chennai

- Gained hands-on experience in **Python, SQL, Excel, Power BI, Tableau, data cleaning, EDA, preprocessing,** and **visualization.**
- Practiced machine learning model development and applied data science techniques to real-world datasets.
- Worked with data-driven problem solving and business insight generation.

EDUCATION

BTech Information Technology
Nov 2022 – May 2026

SKP Engineering College · Tiruvannamalai
CGPA: 8.6

TECHNICAL SKILLS

Programming: Python, SQL, JavaScript, HTML, CSS

Databases & SQL: MySQL, SQL Joins, CTEs, Window Functions, Aggregations & Subqueries

Data Engineering: Pandas, NumPy, ETL Concepts

Cloud & DevOps: AWS, EC2, S3, RDS, IAM, VPC, Docker, Git, AWS CodePipeline, CI/CD

Data Analytics: Excel, Power BI, Tableau, Matplotlib, Scikit-learn, Statistical Analysis

CS Fundamentals: Data Structures & Algorithms, OOP, DBMS

AI/ML: Machine Learning, OpenCV, OCR, TensorFlow, Keras, NLP

Soft Skills: Communication, Teamwork, Adaptability, Time Management, Quick Learning

PROJECTS

Dynamic Web Application Hosting Using AWS Cloud
Tools: AWS EC2, S3, RDS, MySQL, Linux
Developed and deployed a dynamic web application using AWS EC2 and Amazon RDS (MySQL) with database-backed application functionality. Configured cloud infrastructure including EC2, RDS, S3, IAM, and VPC.

Automated CI/CD Pipeline Using AWS Code Pipeline
Tools: AWS Code Pipeline, Git, CI/CD
Implemented an automated CI/CD workflow to streamline application build, testing, and deployment. Improved release consistency and reduced manual deployment effort.

Fraud Prevention and Verification in Driving Licence using Intelligent Technologies
Tools: Python, Flask, PostgreSQL, OpenCV, OCR, SQL
Developed a Flask-based application for driving licence verification using OCR and OpenCV. Designed PostgreSQL database schemas and SQL queries for storing and validating licence information.

Power BI Data Analytics Dashboard
Tools: Power BI, Excel, Data Analytics
Developed an interactive dashboard to analyse sales data, KPIs, trends, and business performance. Created visual reports and interactive filters to generate meaningful business insights.

Global Superstore Analytics Dashboard
Tools: Tableau, Excel, Data Visualization
Created an interactive Tableau dashboard to analyse global sales and profit data.
Developed visualizations for categories, countries, trends, KPIs, and business performance.

Interactive Job Salary Dashboard
Tools: Excel, Pivot Tables, Pivot Charts, Slicers
Built an interactive Excel dashboard to analyse job salary and industry data.
Used Pivot Tables, Pivot Charts, and Slicers for dynamic data analysis and visualization.

Coffee House – Responsive Website
Tools: HTML, CSS, JavaScript
Designed and developed a responsive coffee house website with a modern user interface.
Implemented menu, gallery, testimonials, contact, and interactive navigation sections.

Elevate Pro – Personal Branding Platform
Tools: HTML, CSS, JavaScript
Developed a responsive web platform for LinkedIn personal branding and professional growth.
Implemented service sections, testimonials, lead-generation forms, and interactive UI components.
